Behind Perry High School is a man of great integrity, a disciplinarian and administrator of the highest caliber. He is one who has helped shape a new Perry High and one who has set superior codes for its enrichment and advancement. To commend all he has accomplished and to laud his sincerity, kindness, and continuing insight we proudly dedicate this 1969 Clock to our most honored principal, Dale E. Beatty.

Mr. Beatty was graduated from Fairmont State College and received a Master's Degree in Administration from West Virginia State University. After teaching at Norfolk, Virginia, he became a member of the faculty at Dover High, Dover, Ohio. Mr. Beatty then became oriented with Perry High in Massillon. In 1964 he filled our needs as assistant principal under Ted R. Johnson. Following the absence of Mr. Johnson, Mr. Beatty became principal of Perry High in 1966 and has served us faithfully since then.

Mr. Beatty's vim, vigor, and enthusiasm at Perry have sparked a lasting friendship with the faculty and student body. His interest in our academic standards, pep rallies, sports events, and other extracurricula will never be forgotten. His willingness to help those in need of counsel and those who have gone away as well as the average student has made him great in his field. Each student and faculty member can justly say, "Congratulations, Mr. Beatty, for a job well done!"

 So a really sweet
 girl I met in homeroom and

 Maurick*

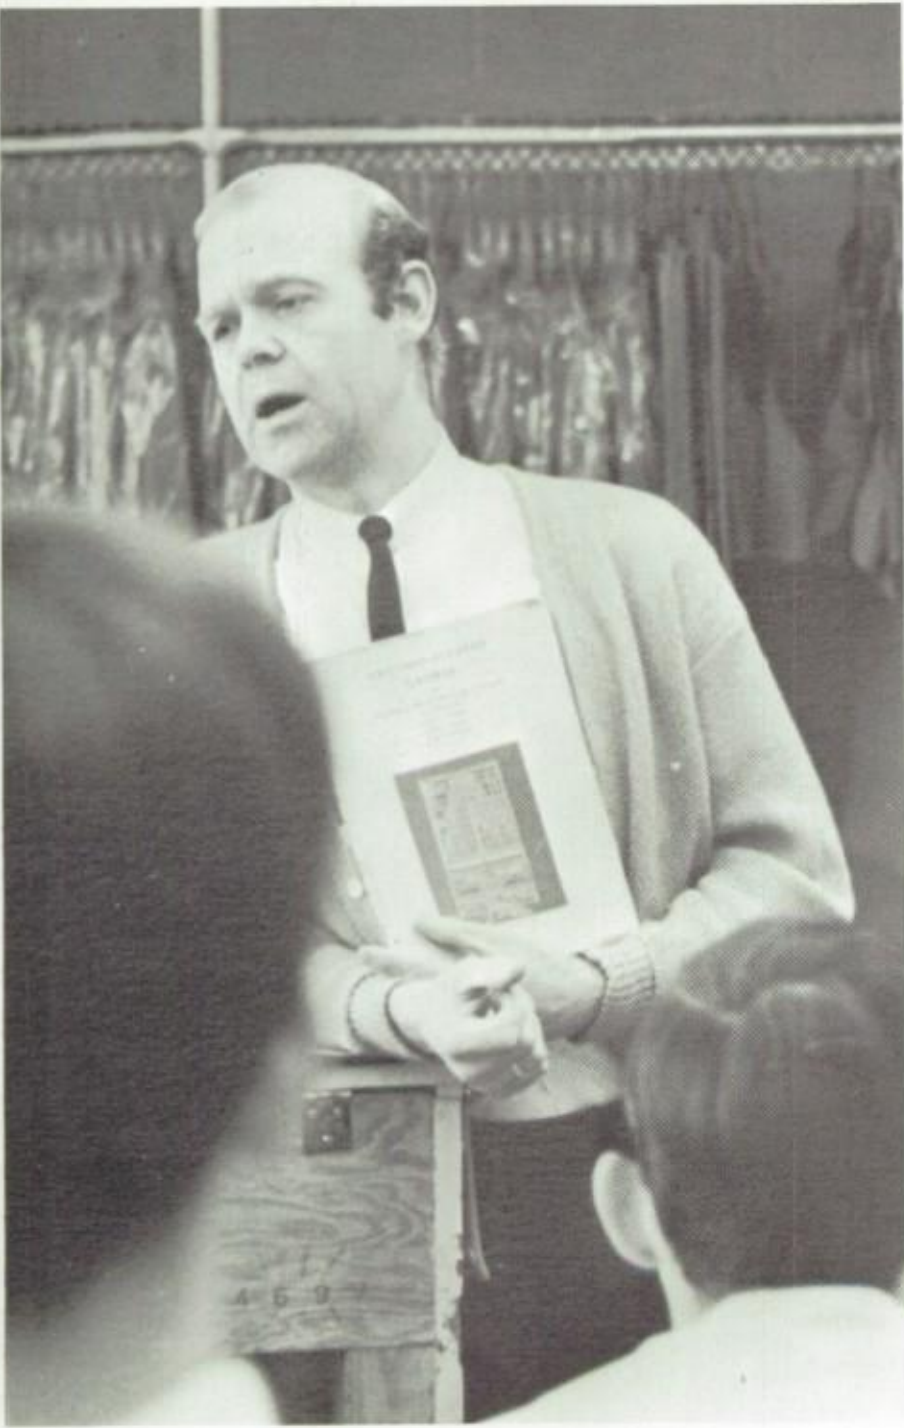

It might be a proposed school or an advance in educational equipment, in any event each year at Perry is marked by its own new "thing." With each incoming class there is an anticipation of innovation as, simultaneously, each parting class cherishes its old traditions. This conflict of old and new is an integral part of our life. It is more important now than ever as many are becoming concerned with the generation gap. We have adopted new modes of dress, words of slang, and tastes in music and the arts with each successive school year. We must strive to change because without it there can be no growth, educational or otherwise, and as a song relates, "... the times they are a-changing."

foreword

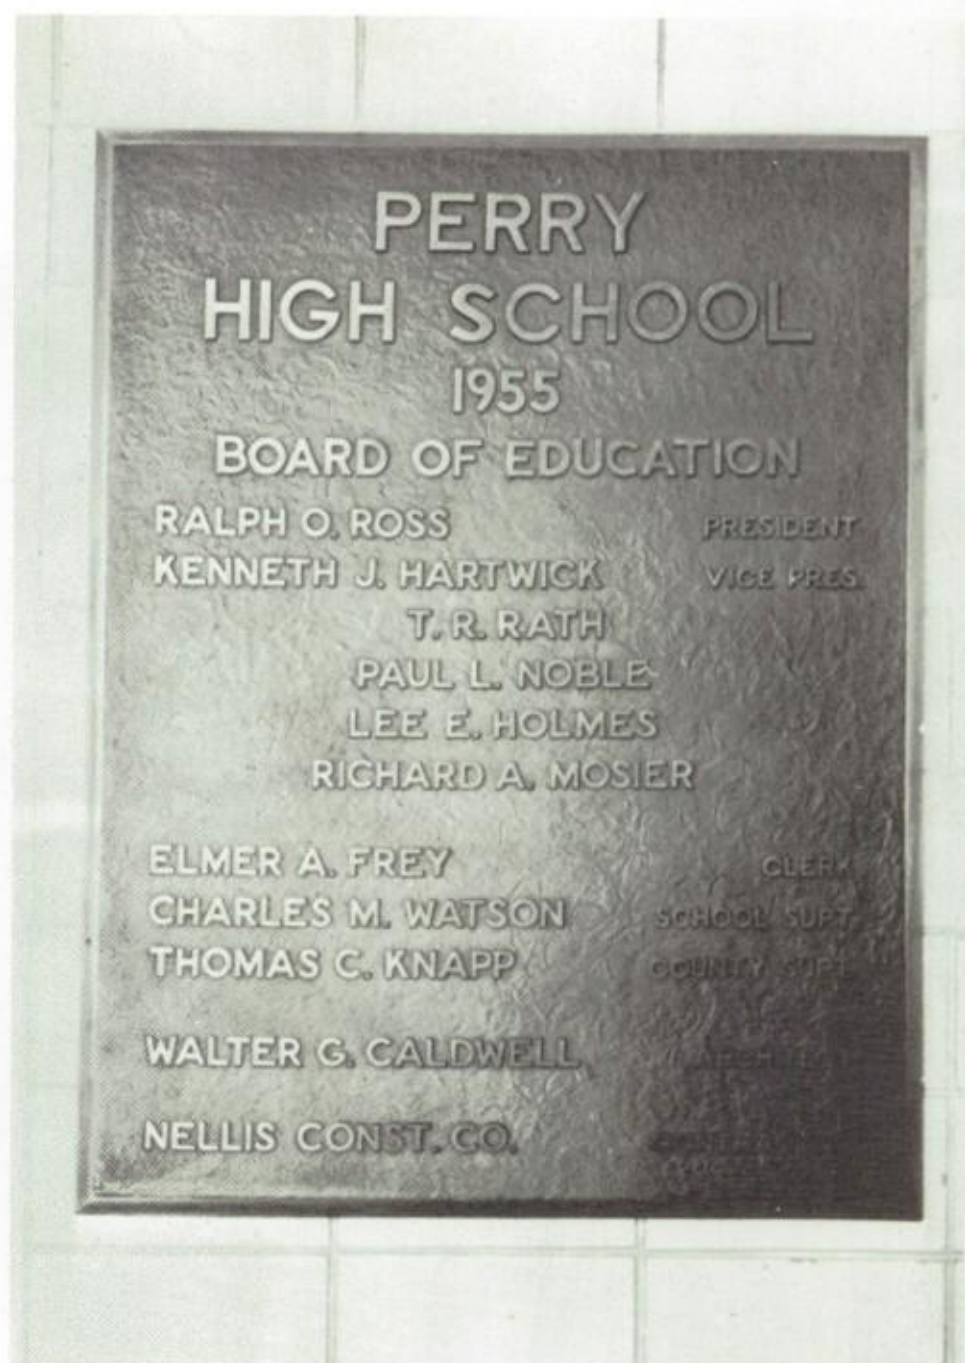

Perry is rapidly acknowledging the interest of its students toward the betterment of the school. Often the students feel they need to express their opinions and many faculty members enjoy hearing them. More often though, these potential protests are all in fun such as the one at the far right. These "new" steps in learning are usually helpful for both work-weary student and teacher in alleviating the burdens of the day.

The "happenings" here are so diversified that it seems there is always something new going on. The expectation of discovering a new golf play, the excitement of our possibly winning a wrestling match the warmth of a raging bonfire consuming an effigy of an old rival, the agony of locker cleaning, and the sneakiness of a faculty member mark just a few of our many unexpected events. These are usually instantaneous and all too soon become part of past experience or become mere shadows of future events.

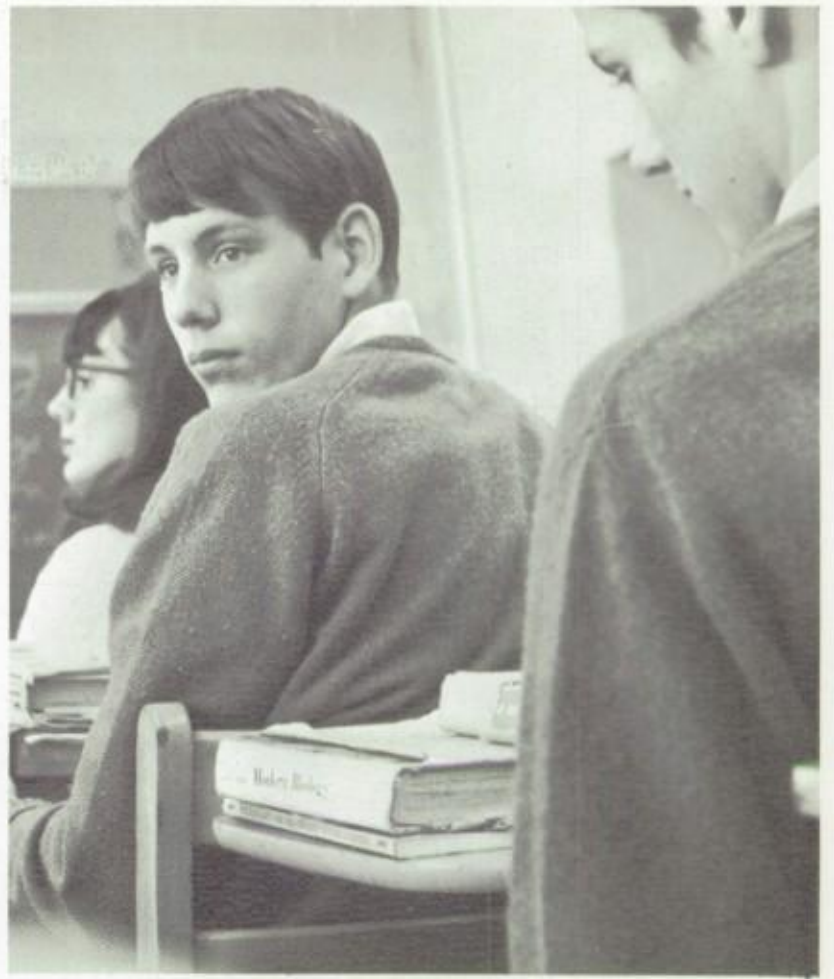

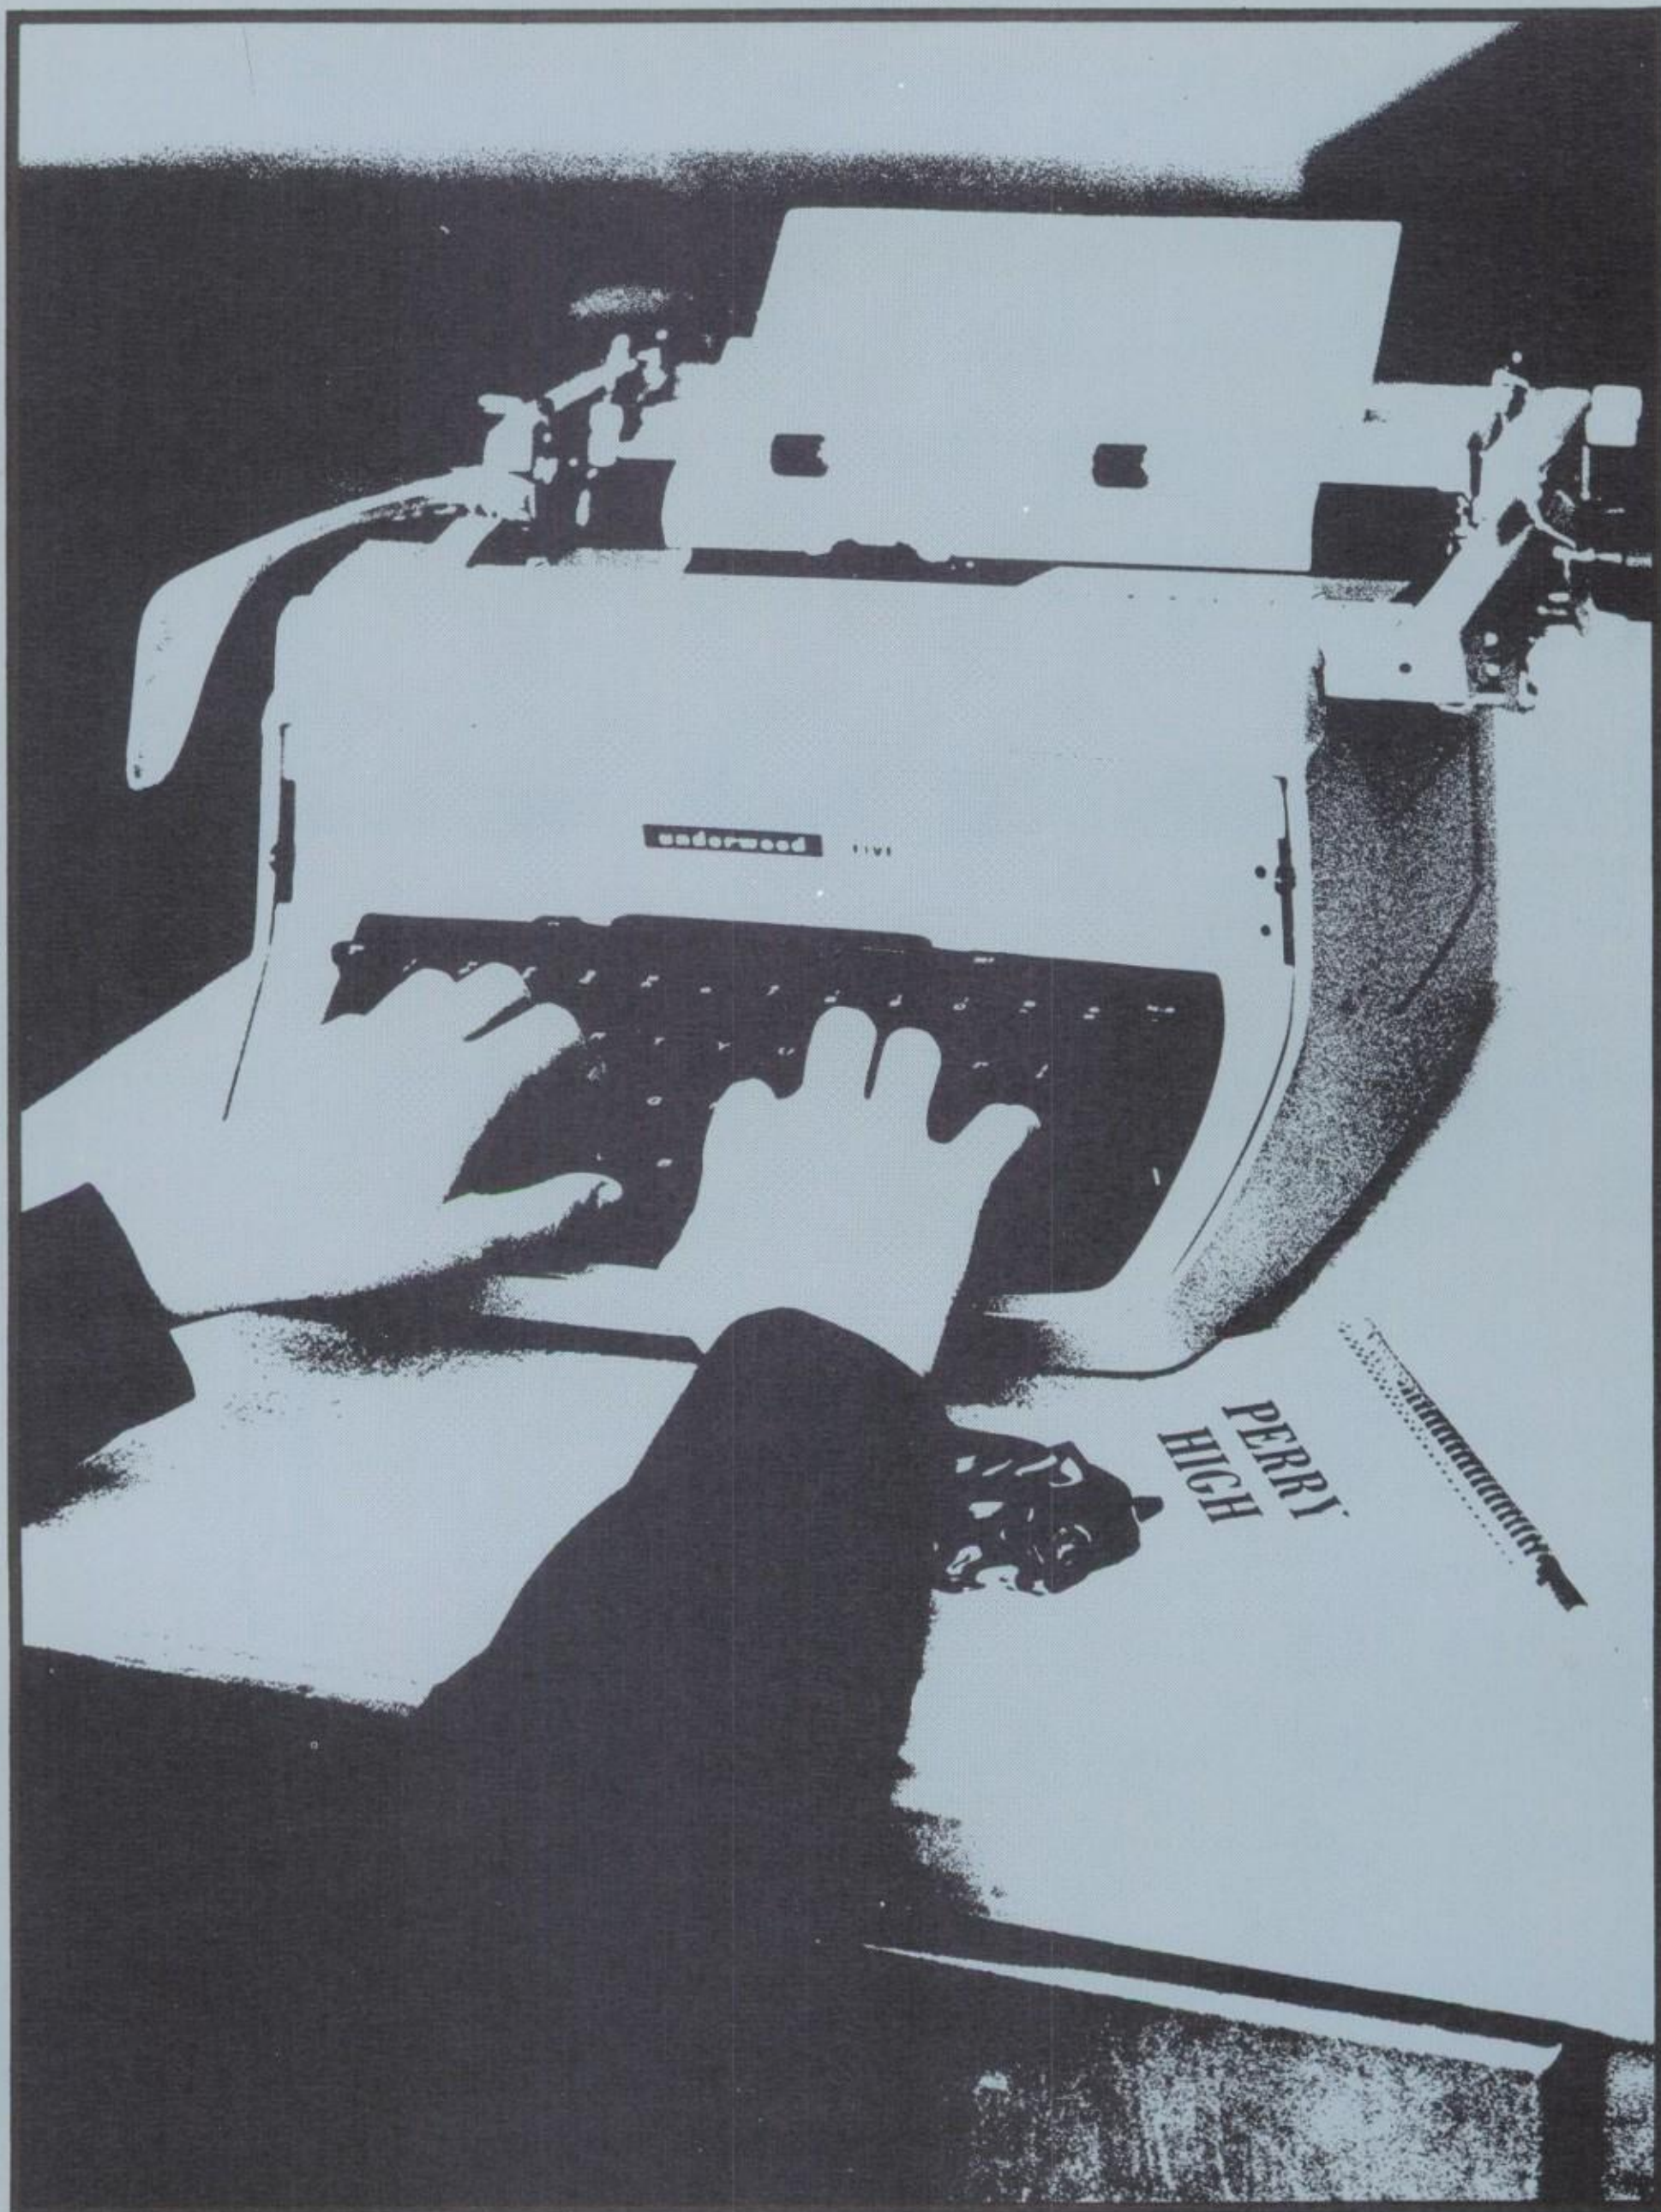

academics

paul f. pfeiffer

superintendent

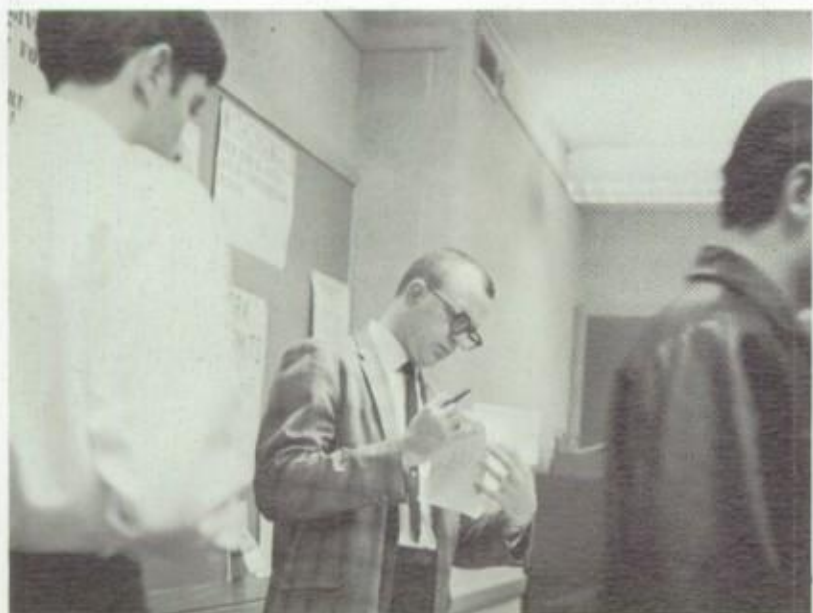

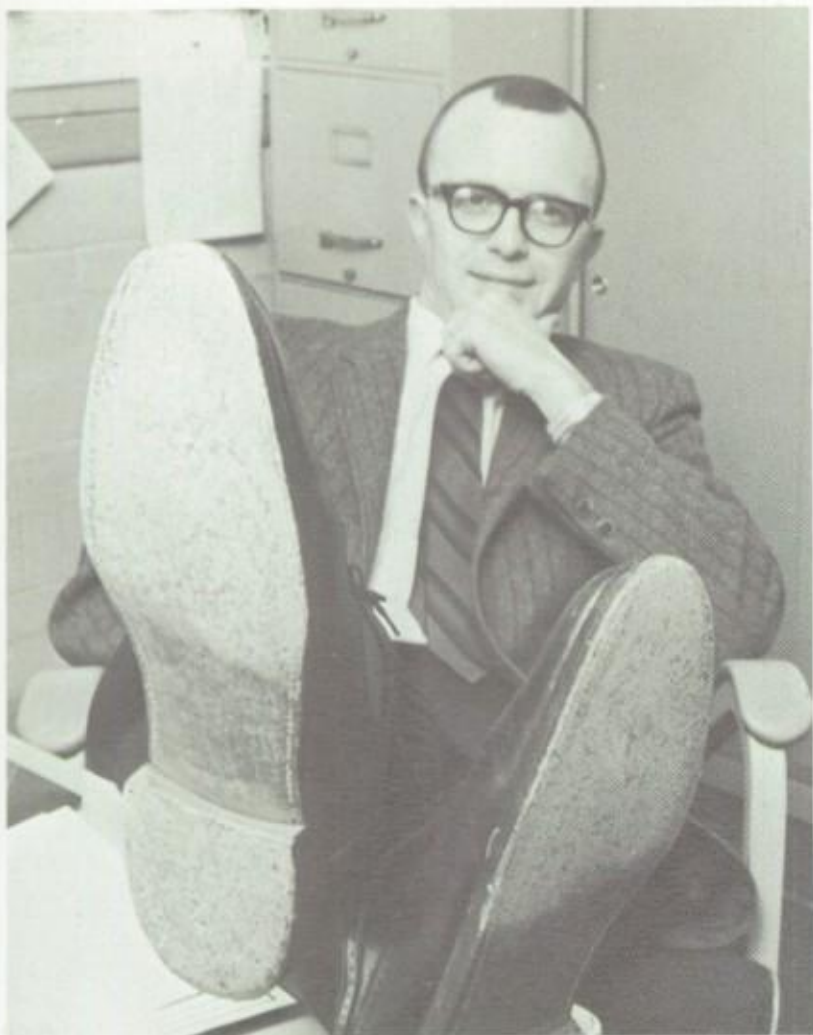

Mr. Paul Pfeiffer, superintendent of the Perry School System, uses his judgement on various matters concerning the welfare of Perry students. An immense milestone in the Perry system this year will be the new modern T. C. Knapp Elementary School. This was one proposal that required the great insight of both Mr. Pfeiffer and the board of education. On a lighter side, he makes such "important" decisions as whether or not school will remain open when the Hong Kong Flu strikes. This year though, it made a weak strike.

Mr. Pfeiffer was graduated from Wooster College where he received a Master of Education degree and participated in Phi Delta Kappa, National Honor Society. Prior to becoming involved in the Perry system, Mr. Pfeiffer was executive head of South East Local School District, Portage County. He came to the Perry system in 1957. He uses his vast knowledge for the betterment of our schools and community. This is evident in the various additional programs now underway and nearing completion.

lewis p. johnson

assistant principal

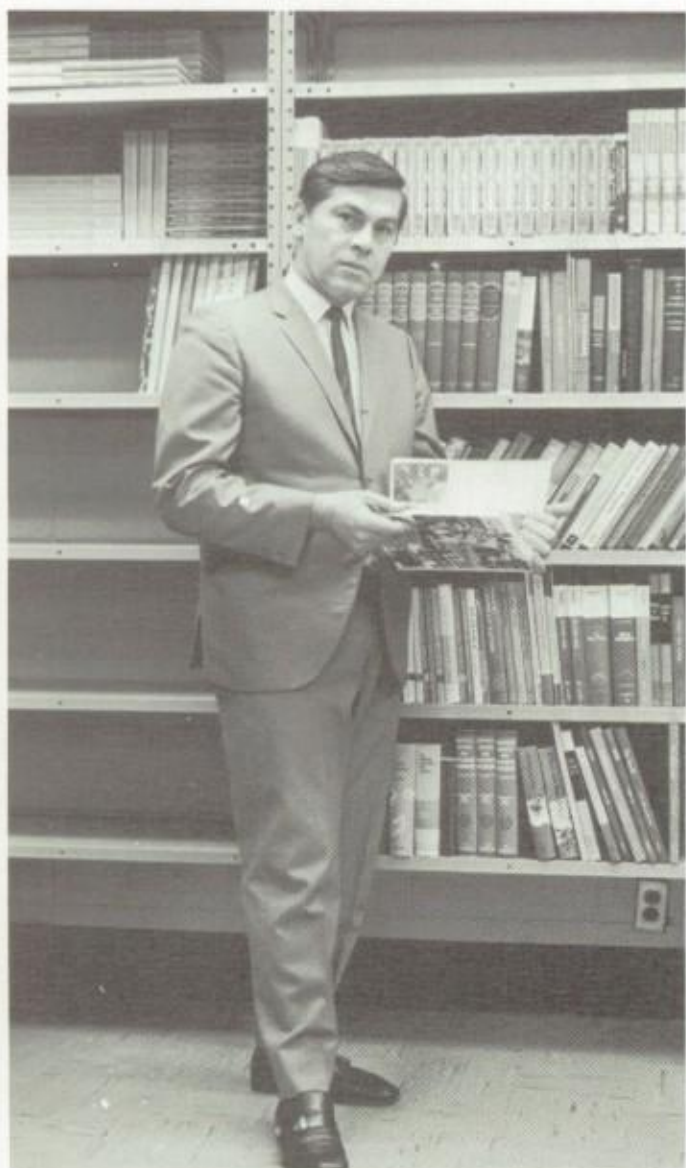

Upon Mr. Johnson's shoulders weigh the problems of disciplining unruly students, assigning detention, and following up absentees to see if they're really legitimate.

He is burden with many of the more unpleasant duties at Perry High. Although he is burdened, Mr. Johnson manages to be congenial constantly. His quick wit is especially evident when he sometimes announces, "There is a blue Ford, license number M72U, in the parking lot with its lights on. Will the owner please take care of it as his battery is slowly going dead?"

Mr. Johnson was graduated and received a Bachelor

of Science degree from Mount Union College. Later he received his Master of Education degree from Kent State and served as elementary principal at New Franklin for seven years prior to going to Edison Junior High. At Edison Mr. Johnson served as assistant principal for two years until he was hired as assistant principal at Perry. He has served faithfully since, and his activity in student affairs has greatly influenced many members of our student body. We think you're great, Mr. Johnson!

MR. PAT MATTACHIONE, Coordinator of School and Community Affairs.

MR. ELMER FRY, Clerk of Board of Education.

BOARD OF EDUCATION: Mr. Austin P. Lloyd, Mr. Robert J. Hoffman, Mr. George M. Anderson, President, Mr. Charles A. Dougherty, Mr. Robert E. Netzly, Vice-President.

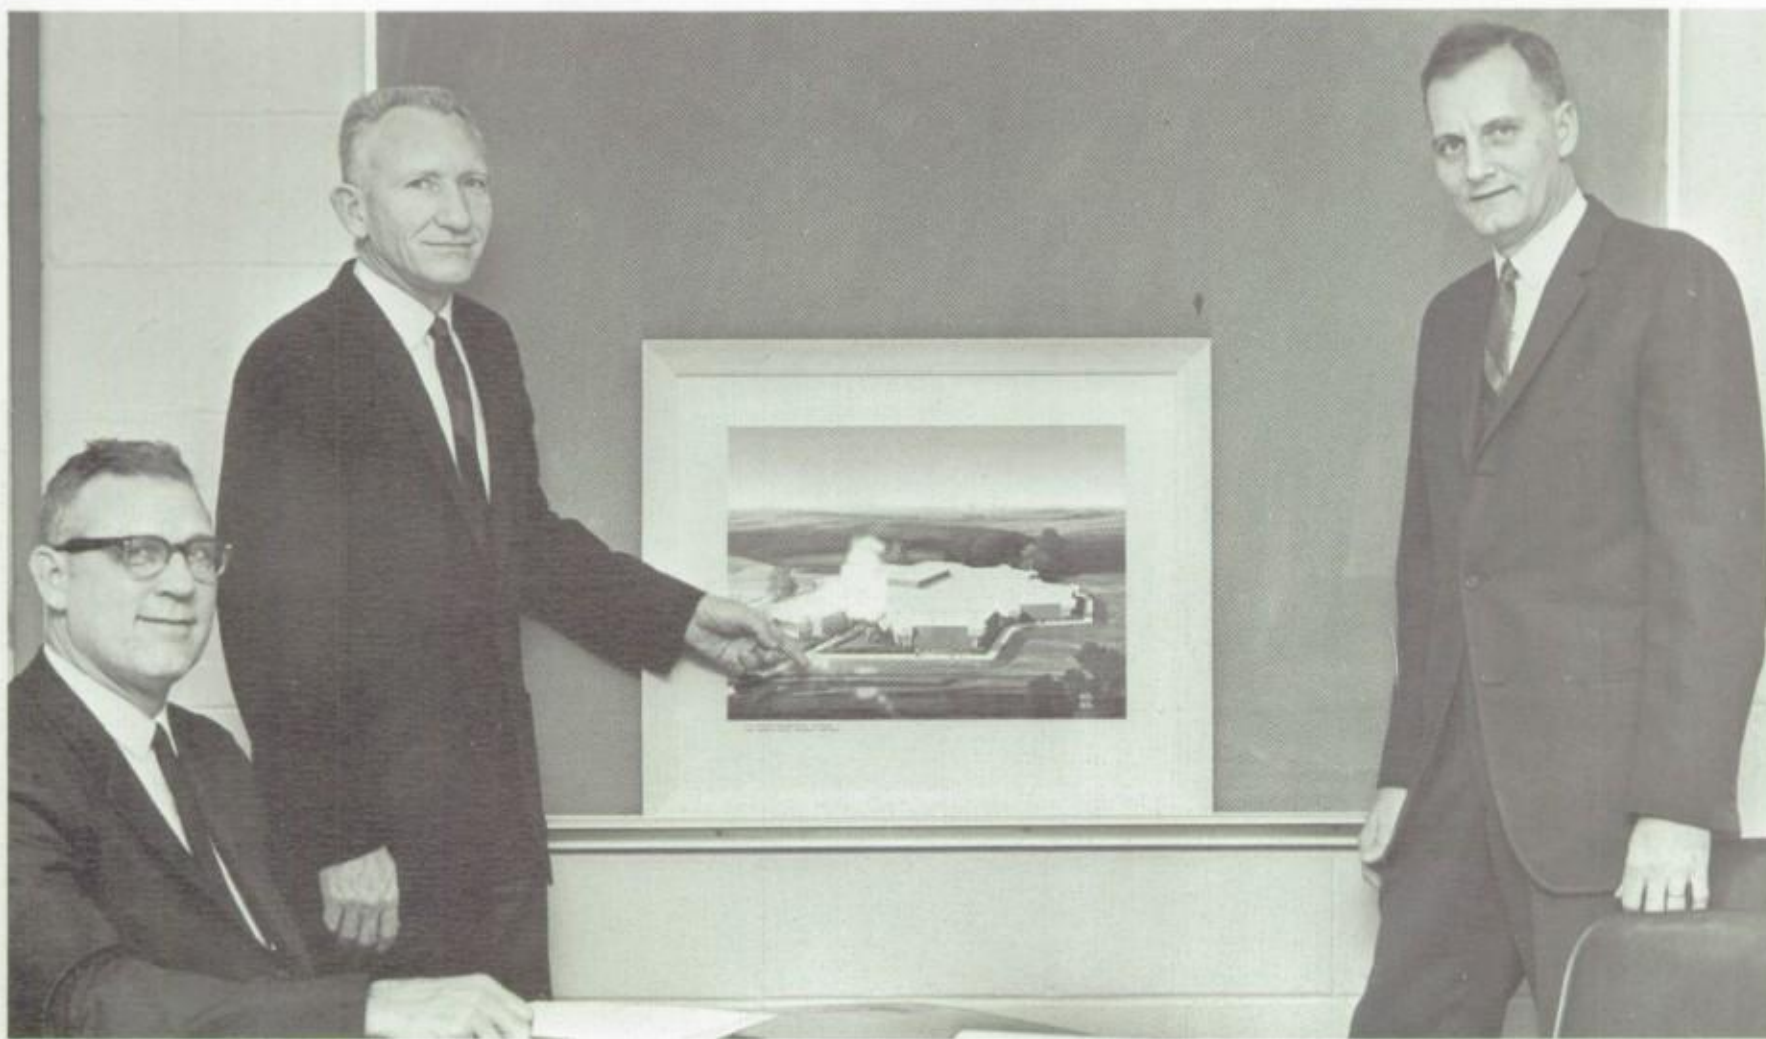

Past Board President, Mr. Robert Hoffman, congratulates Tom Babbo as he presents him with that long awaited diploma.

Dedicated and respected members of the community make up the Perry Board of Education. Elected for a four-year term, each member works to maintain the best of teaching staffs, coordinate and direct teaching methods and provide a curriculum that meets all students of the Perry School system, and provides necessary facilities for learning.

In progressing to meet future needs the board plans an entirely new school. The proposed T. C. Knapp Elementary School will be a new experience for many. It anticipates team teaching, electric heat, and also carpeting. Upon completion this new educational plant will provide the best in education.

Variety is the word to describe the faculty's summer activities. Popular vacation spots were Canada, New England, Virginia, and the West Coast. Some faculty members tried new grooming ideas. Mr. Mattachione sported long sideburns, Mr. Cooper grew a mustache, Miss Whipple had her tresses frosted, and "Madame" Swearngin bought a new wig.

On the academic side, teachers Cable, Chiudioni, Harris, Roland, and White expanded their learning by taking advanced college training at Akron University. Mr. Simms and Coach Winkhart likewise worked on their master's degrees at Kent State University.

new methods motivate students

This year Perry has broadened its educational facilities. First a video tape machine was purchased. This source of educational enrichment, operated by the AV Department, enables debates and other important "happenings" around Perry to be taped and then replayed for classroom use. Secondly, the Stark County Board of Education purchased a driving simulator. This "driving class on wheels" is to be shared by all Stark County Schools. During Perry's six week period of use, students were able to study and practice driving skills without actually going out on the highways.

fight the team across the field

Bob Maney and Mike Shaffer zero in on a North Canton back to dump him for a short gain.

The Perry Panthers began the 1968 football season by flexing their offensive muscle in defeating Timken, 45-0.

After the opening game, however, the mighty Panthers began play in the expanded and improved Federal League. This improvement was exemplified in the 26-20 loss at the hands of the Hoover Vikings. After dual victories over Canton South and Fairless, the Panthers again fell to the eventual league co-champions from Oakwood.

The Panthers showed their great defense by beating Canton Lehman 6-0, for Lehman's only defeat of the year.

Though the Panthers finished with a mediocre 5-5 record, it is easy to see this is due to the tremendous balance of the Federal League, as testified by Perry's success outside the circuit.

Time and time again the Panther's used their tenacious defense to hold many of their opponents below their scoring averages. Seniors Craig Day and Tom Sims gave the Perry fans many thrills with their outstanding ballhawking.

All Federal League player Jeff Lessig led the Panther scoring attack by becoming only the sixth player in Perry history to score 300 points in a season. The Perry reserve basketball team made up of fifteen sophomores, compiled a 14-4 win-loss record.

Steve Meredith, Jack Schultheis, Don Dobina, Jeff Perkins, and Jim Carl were largely instrumental in the success of this season's group.

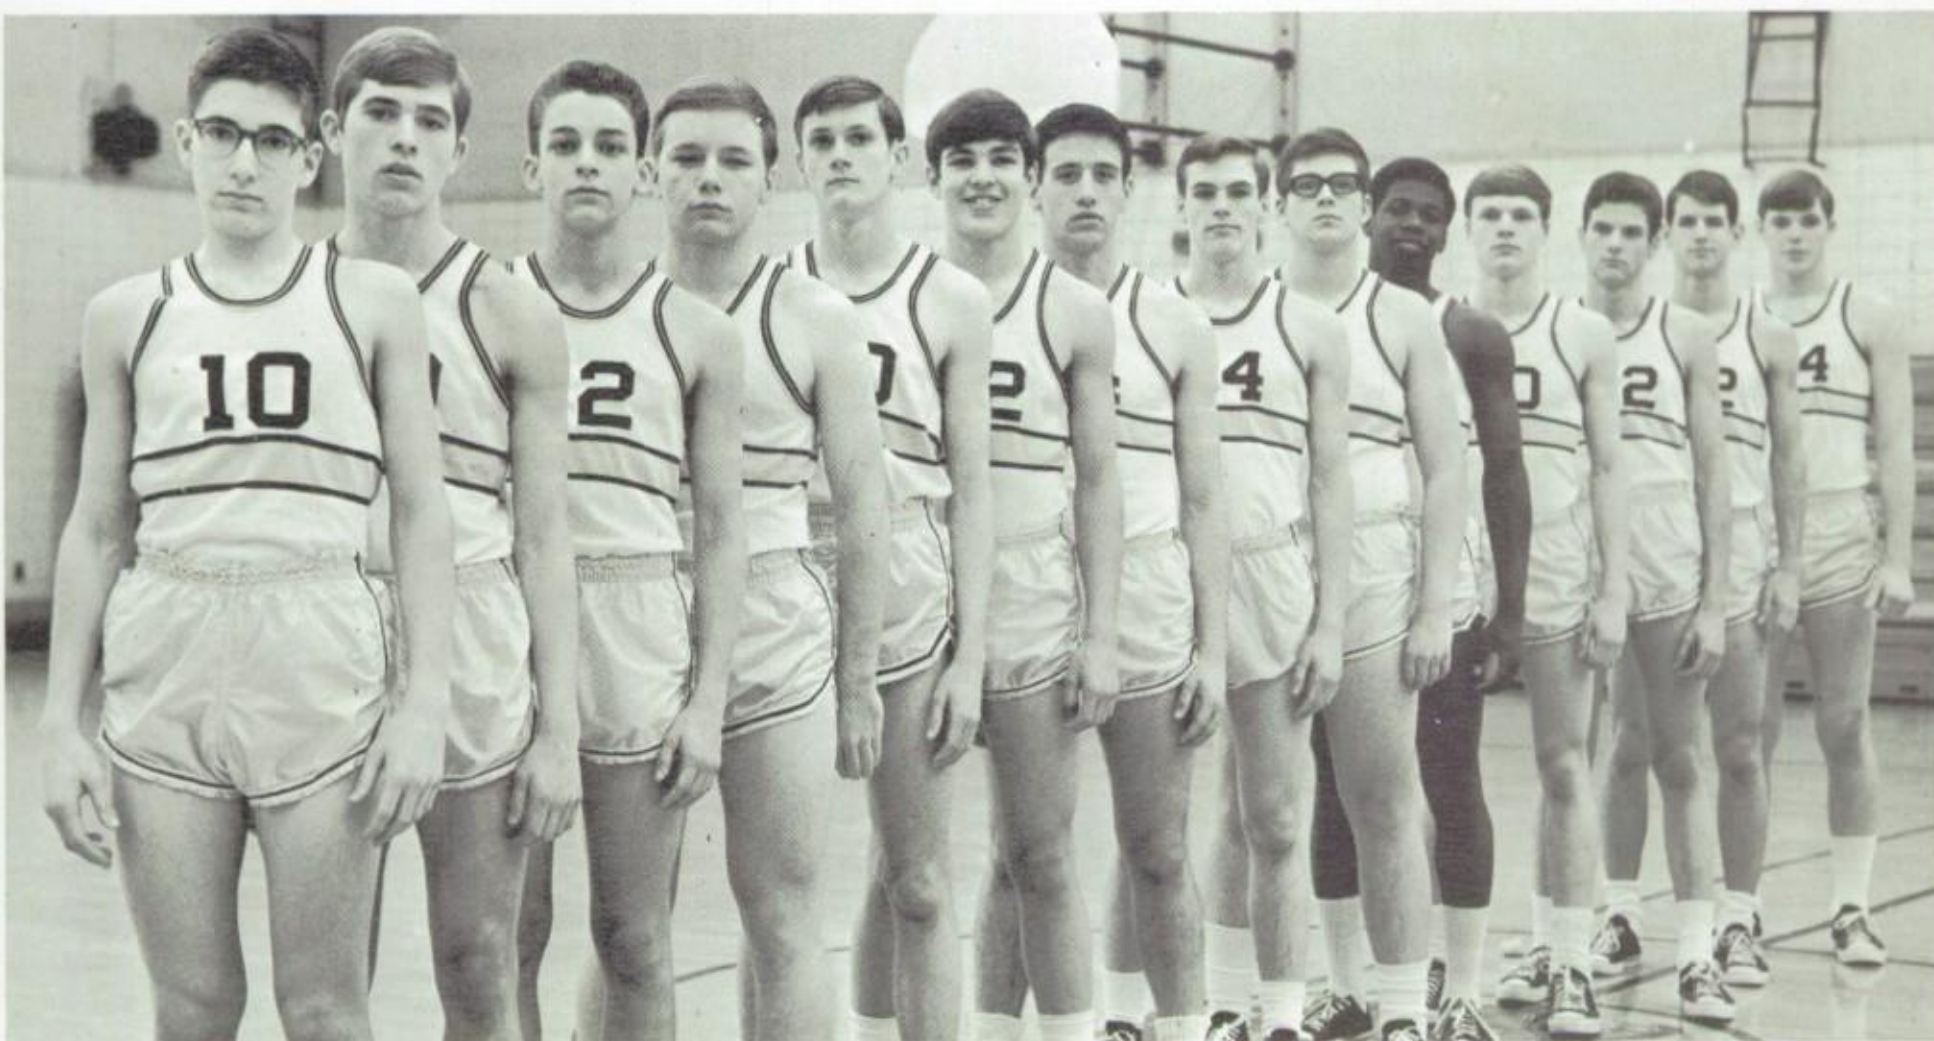

All of these young men dedicated the season to achieve two major goals. The first was to develop team play, and secondly to develop personal skills so as to be ready to play on the varsity squad next year. The first goal was attained and the second will be told in time.

Led by a senior contingent, the team set eight new records. Tom Nelson smashed records in the high jump, and shared a new record with Tim Laps in the long jump. Tim also set new records in the 100 yard dash, the 220 yard dash and worked together with Bob Boston, Dick Vasil, and Denny Turner on the 880 yard relay. In addition to placing the 880 relay team in the regionals, the blazing cindermen posted a 5-4 record in dual meets for the first winning season in Perry track history.

Panther speedster, Dennis Turner, turned out a fantastic last leg in the 880 relay to compile a new record of 1:33.9 in district competition.

RESERVE CHEERLEADERS: Rita Lorenz, Roberta Albers, Pam Ring, Joni Fornash, Barb Weise.

Varsity cheerleader Kay Allison encourages the sophomores at a pep rally.

Cheerleaders decorate the goal posts prior to football game.

During the summer months, Perry's varsity cheerleaders attended cheerleading camp at Kent State University. They competed against two hundred squads from Ohio, West Virginia and Pennsylvania. Their talents brought home two first place awards and two honorable mentions. At camp, these girls learned various new routines, mounts, jumps, and cheerleading skills.

These cheerleaders not only cheer our athletic teams on to victory, but they also decorate the halls and locker rooms. In order to finance the purchase of their uniforms the girls had a paper drive and a bake sale.

Mr. Victor Keppler

The Photogenic contest is an event sponsored by the yearbook staff. Each club at Perry selects one of its boys and one of its girls to participate. The contestants must be of good character, leadership and of high academic standing in the school. These students are then judged by the heads of the departments and student board members in order to select eight semifinalists. These eight have special portraits taken which are then sent to a celebrity or one of notability for final judging.

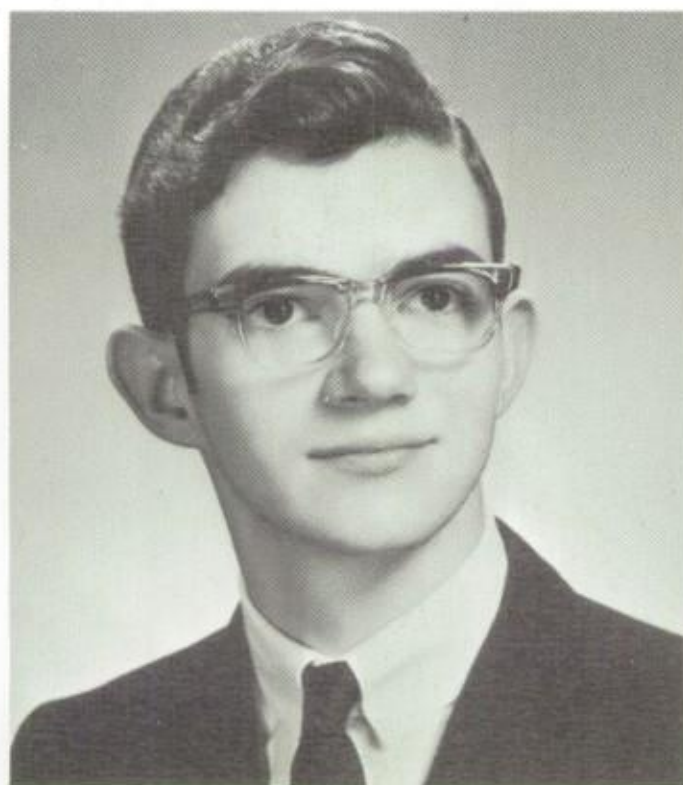

Victor Keppler, Director of Famous Photographers School, has selected Mr. and Miss Photogenic of 1969. He was formerly in charge of producing the famous Timken Roller Bearing Company calendars. He had been with them for twenty years prior to taking his post as Director of Famous Photographers School in Westport, Connecticut.

In addition to performing at all regular football games, the Marching Band gave a brilliant performance at the Stark County Fair.

The Concert Band presented three major performances: the Christmas concert of traditional Christmas music, the Winter concert which put an accent on the contemporary, and the Spring concert which consisted of lighter music including popular tunes from Broadway.

The Stage Band, a smaller ensemble performing dance band music, played for a number of dances and participated in three stage band festivals.

Under the direction of Mr. Ted Wenger, and his assistant Mr. Tom Hodgson, Perry's bands gave outstanding performances throughout the year.

Perry's A Capella choir strives to attain excellence in its musical performances at all times. It uses the best in music choral literature and a wide variety of types of music. At Perry, this benefits from a feeling of working hard together to produce something which is beautiful and worthwhile both for the performer and the listener.

It takes a special kind of a person to be a member of A Capella choir—one who is willing to work hard at getting along and cooperating with other people. There must be a feeling of warm friendship within a vocal group of this kind if it is to be a superior one. The personality of a student is just as important as his having an outstanding voice.

Mixed Choir is a newly formed organization at Perry this year. This choral group makes it possible for any student to be able to sing in a vocal group if he wishes. It provides training for potential A Capella choir members.

"Service to the school and community," is the motto of the A.V. Club. An important objective of the club is to show films for class instruction.

The activities of the club can be summarized as follows: to aid the school and community groups in programs where audio-visual aids are required; to work within the school on stage productions as the lighting and sound crew, assembly programs, pep rallies, and athletic events; to bring video educational TV into the classroom and work closely with the main office and Update on morning announcements. The audio visual department is also in charge of the student lock and locker system of the school.

Under the guidance of Mr. Hall, Bob Bayley demonstrates to fellow advisors the correct procedure for handling recording tape.

BOOKENDS

This club is composed of students who are serving as assistants in the library. Their chief purpose is the improvement of the library itself. They try to give the student body and faculty excellent service. The Bookends also want to arouse further enthusiasm for books and reading and to encourage interest in the library profession. The main activities of the year include a Christmas party, an end-of-the-year party, and one project to improve the library.

Cooperative Office Education students are seniors enrolled in the COE program, a vocational program providing actual work experience in an office-related job. These students attend school for half a day and work in office jobs in the afternoons.

Paul Kogel won second place in the talent division at the regional convention which was held at Atwood Lake Lodge. During the winter the club officers also attended the annual state convention in Columbus.

There were many highlights during the year. One was the annual employer-employee banquet which the students planned in order to show their appreciation to the businessmen for the training received and the cooperation given to the C.O.E. program. The Perry students together with C.O.E. students from neighboring schools held a picnic with a party afterwards.

The Fellowship of Christian Athletes is a program designed to offer a challenge to young athletes through a number of diverse events. Since organized, they have sent two representatives to two national summer camps and have conducted a weekend camp for their own athletes. In order to help pay the expenses of the delegates to the national campus, they have sponsored two professional basketball games at the Memorial Field House in Canton.

The Future Homemakers strive to improve themselves by serving the school, community and those in need.

They organized and made plans at a get-acquainted picnic, enjoyed baking cookies for former Perry men fighting in Viet Nam and again distributed Christmas cards throughout the student body as a small remembrance. Many patients at Aultman Hospital enjoyed the Future Homemaker Carolers. The Homemakers entertained their mothers at a dinner in the spring.

students look to teaching as a gratifying career

Future Teachers acquaints students with the profession of teaching. This is done by having speakers and films at their meetings to talk about specific parts of teaching. They learn about teaching by helping to grade papers, check attendance, and other work needed to be done by teachers. When necessity calls they also teach classes at all levels in the school system.

Future teachers relax during a break in their meeting.

The main objective of the Hi-Y Club is creating, maintaining, and extending, throughout the home, school and community, high standards of Christian living.

Each year a main community or school project is undertaken. This year the club chose two projects: to put the tarpaulin away after pep rallies, and to help sand student desk tops so they could be refinished. The club also contributed financially for the Y.M.C.A. work in foreign countries.

Socially, the main event was the annual ski trip to Snow Trails at Mansfield which was also attended by members of C.O.E. Other activities included bowling, basketball and demonstrations in karate.

Because the typical high school curriculum allows little time for the study of the humanities (art, music, philosophy, theatre), and because there are some students who are willing to put forth an effort to afford themselves a liberal education, the Humanities Club exists. The club has effected this education in a manner as varied as the wide range of the humanities themselves. In studying philosophy they have invited a professor in to lecture and held group discussions on various philosophies and religions, their interest in art has led them to plan visits to nearby art exhibits and museums; a young folk singer presented a lecture and concert of folk music; an awareness of the importance of the dramatic arts has led them to nearby colleges and universities to see the plays of Shakespeare and Williams produced and has inspired a proposed production of an evening of one act plays as well as a study of the new cinema.

Key Club is a service organization whose projects and workshops are oriented toward service to school and community.

The printing and publishing of the football program is the largest money maker. However, there are other projects to raise cash.

Helping to pay half the cost of the washer and dryer used by the athletic department, buying school flags and other useful items are some of the service projects. The club also takes on any challenges which the school may suggest, such as parking cars for football games. In the community the club has the Red Cross and Heart Fund Drives.

Perry's Medical Arts Club is designed to serve students who are interested in pursuing medical careers. At its monthly meetings, the club is addressed by speakers from the field of medicine.

In the fall, the club participated in a riotous initiation of new members. During the Christmas season, club members traveled to one of the local hospitals to decorate the pediatrics ward.

Medical Arts Club members also check coats after sock hops and home basketball games.

To be a member of the National Honor Society is a privilege granted to those juniors and seniors who excel in scholarship, leadership, character, and service. To be considered for this club, a student must have a scholastic average of 3.0 or above.

The induction ceremony is conducted in the early spring at an assembly attended by juniors, seniors, and parents of the newly selected members. The inductees and their parents are honored at a tea following the assembly.

Throughout the school year N.H.S. members spent time tutoring students who need assistance. The club also helps sponsor the representative to Buckeye Girls State.

In the beginning the French Club was organized for social purposes. They then added cultural projects to meetings, having French men and women speak about their native land, and also show films and slides on France. The club participated in the candy sale this year and cleared enough money to purchase a large detailed map of France which was given to the French Department.

At Christmas time they donated personal contributions for the needy to the name of Perry High School.

The P.B.X. girls who serve in the Perry High School main office are a great help daily in running an efficient and busy office. They help in many ways, including: answering the telephones, meeting the public, running off tests for the teachers, taking messages, running errands, sorting mail and generally being a big help as they are needed. The girls must have a "C" average or better in order to work in the office. The big social event of the year is held in December, when the girls enjoy an evening together. They go out for dinner and then hold a Christmas gift exchange and social hour following the meal.

Their work and contributions are much needed and appreciated.

The Science Club, whose membership is open to any student interested in the field of science, provides its members with an insight in the fields of biology, chemistry, and physics. It also affords a view of science as a vocation.

board of directors edits handbook

Director members search for ideas that will improve the school handbook.

The Student Board of Directors is Perry's only organization which represents the student body. The purpose of the board, consisting of the elected officers, is to encourage good citizenship and develop a better student-faculty relationship. Mr. Harris, the faculty advisor, relates the ideas made by the representatives to the faculty.

Janice Haughton, *Activities Editor*

Mary Fort, *Business Editor*, and
Darla Salas, *Business Manager*

Preparation for the '69 Clock began early in the summer of '68 when staff members, with a minimum of training, became avid advertising salesmen. Then, in September, a theme was planned, a cover designed, paper chosen, and pictures shot. By late fall our staff members were pounding typewriters, slaving over layouts, and "burning the midnight oil" to finally meet, with a gasp of frantic exhaustion, our first deadline. Deadline upon deadline followed and, finally, in March our book was completed. We bid it a fond farewell as the final deadline winged its way to Dallas.

It is our contention that this year's Clock has truly captured the most memorable events of the '68-'69 school year. It is our hope that this volume will in future years, as it does now, recall the adventures and memorable highlights of a most cherished period in our lives.

journalism develops creative minds

Mr. Johnson gives both praise and advice to staffers at annual publications banquet.

Quill and Scroll is an international honor society for high school journalists. The Clock and Panther's View Staffs are combined for this particular club. To be a member, each journalist must achieve high academic standing and meet the requirements of the national organization. In addition, each club has set up the following requirements: each Clock member must work twenty-four hours and sell one hundred dollars worth of ads; each Panther's View member must have one hundred column inches published in the Panther's View.

Each spring Quill and Scroll sponsors a publications banquet in which students who have contributed to these publications are honored.

Mary Gorham, *Business Editor*

Responsible for publishing Perry's news is the monthly publication, *The Panther's View*. Such columns as "Tracks," "Popsie," and "What" keep the students well informed.

Being a member of the *View* staff gives promising young journalists experience in editing, writing, reporting, and photography. This year they sponsored a sock hop and casual day.

thespian society advances dramatics

THESPIANS—BOTTOM ROW: Jenny LaBorde, Linda Ecksmith, Debbie Sabin. ROW 2: Connie Lockhart, Joyce Jones, Penny Starkey, Kathy Talbott.

The National Thespian Society is an honorary organization. It was organized for the purpose of raising the standards of the Dramatic Arts in secondary schools. To be eligible for membership, each prospective Thespian is required to earn ten points in both cast and crew work. An honorary member having ten points, in either cast or crew, is chosen each semester.

Thespians Connie Lockhart and Jenny LaBorde offer Tom Long a glass of "elderberry wine" in an enjoyable scene from *Arsenic and Old Lace*.

"Good morning, this is WPHS bringing you the news, sports, and reports of activities at Perry High." This is the charming greeting that welcomes half-awake students in homerooms each morning. The Update program acquaints students and faculty members with club meeting dates, menus of the day, and special announcements made by the administration. It is enlightening and often comic as evidenced by the staid thought for a day—"a hair in the head is worth two in the brush." Thus Update keeps the uninformed at Perry informed and offers variety during each homeroom period.

Mr. Mattachione is surprised to see how well Italian students, Anna and Barbara Capuano, have learned to say "swim" in English.

UPDATE: Mr. Mattachione, Scott Marburger, Marc Crail, Daun Kendig, Linda Ecksmith, Janet Eberhart, Tom Bantz, Annette Brewer.

debaters win three trophies

Competing with other members of their district, the Panther debate team has taken three second place trophies in novice divisions. The national debate topic was, "Resolved: that the United States should establish a system of compulsory service for all citizens." This topic raised many questions of social reform.

IT'S CALLED SYNERGISM

**Where the whole is greater
than the sum of its parts**

All your classroom hours, and extra-curricular activities give you much more than a diploma. They are your key to the future. Use them well.

E.W. Bliss Company

Corporate Offices • Canton, Ohio

A GULF + WESTERN COMPANY

The E. W. Bliss Company is a major manufacturer of metalworking machinery, electrical components, public safety equipment and aerospace products.

**If you
don't have
anywhere to go,**

**you might not go
anywhere.**

Whatever you want to do with your life, don't wait till tomorrow to do it. You might just wait around so long that tomorrow never comes.

Size up the opportunities now. If you're going on to college, visit your nearest Timken Company plant—in Canton, Columbus, Bucyrus, New Philadelphia, and Wooster, Ohio, or Colorado Springs, Colorado. Find out what it takes to fit into a job in finance, engineering, sales engineering, production, metallurgy or research.

If you have a brother, sister or friend graduating from college this June, have them write to our Manager of College Relations for a career application blank.

If you're interested in learning a skilled trade, write for our free booklet describing apprentice training programs. For ambitious high school graduates, few companies can equal the challenges we offer. Or the chances for success.

Your future has to start sometime. And the sooner the better.

ALICE IN APPLIANCELAND...

You probably recall that at one point in her adventures Alice found she had to keep running faster to stay in the same place. We know how she felt. Over the years, dozens of companies have challenged the leadership of Hoover cleaners. We've maintained our leadership through a constant program of product development and improvement. So, in effect, we keep running faster and faster to stay where we've always been . . . in first place. It isn't easy, but it would be a lot tougher without the dedicated skills of all the men and women of The Hoover Company.

THE HOOVER COMPANY

Man is challenged today to excel in almost every endeavor . . . those who do succeed often trace the beginnings of their performance pattern to accomplishment in high school and to those who offered stimulation and inspiration in these formative years. **Josten's** has long been a partner to these educational leaders in providing a means of motivation and the rewards of recognition, and **Josten's** products have become tangible symbols honoring perseverance and achievement.

The class ring is representative of the fine traditions of school spirit and unity ☐ The yearbook provides a lasting memento of the year's accomplishments ☐ The diploma is a lifelong record of scholastic success ☐ The graduation announcement heralds this achievement ☐ Awards recognize academic and athletic leadership.

an afterword

A yearbook is completed, a class graduates, a new generation of potential Perry students is born—these symbols represent the everchanging times and the interaction of old and new which accompany a year at Perry.

We've attempted in this volume to recognize and illustrate the changing styles, students, spirit, and life which surround the high school student. At times it was difficult for us to gain recognition of our "fresh" ideas, while at other times we were content with the older standard methods of putting a book together. We found ourselves searching for new concepts, in

layout, composition, photography, and color. As diligently as we worked, it seemed the old deadlines eventually crept upon us and although we took great care in proofreading copy, we often had to send in pleas for corrections. Even now as this 1969 volume is being read, plans for a new 1970 edition are being considered.

Thus an old school year gives birth to the following years. New droves of students will soon fill Perry's halls—and yet life somewhat will remain the same and the traditional Clock will continue.
